OLIVIER GRATTON-GAGNÉ
FOUNDER
ILIKEMAPS

THE ILIKEMAPS STORY

Founded in 2012, iLikeMaps offers prints and decor items showcasing city maps designed by the artist Olivier Gratton-Gagné.

While spending a gap year in Leeds, UK, Olivier discovered the wealth of map data that was freely available in open source databases. Although he had no prior training in cartography, graphic design or coding, Olivier taught himself these skills in order to create the beautiful map prints he imagined in his mind.

His formal education in marketing and communication helped him launch his business and take his mapmaking craft to a new level.

Since its beginnings, iLikeMaps has worked with retailers to distribute its maps. Customized maps allow retailers to offer attractive products that fit with their brand and geography.

MAKER HOUSE CO.

From its inception, the shop has been a strong promoter of arts and crafts in its community and has become a go-to destination for unique products.

Maker House carries a dozen different cities, all in Chroma 11x14. This allows clients to find multiple cities they like and go home with 2+ map prints. Also, the shop carries matching frames, offering clients ready-to-hang products.

ARTPOP MONTRÉAL

MONTRÉAL, QUÉBEC

ArtPop Montréal is a gift shop located on the busy Mont-Royal Avenue. Owner André and his team carry a wide array of Montreal-themed products made by designers, including prints, t-shirts and jewellery. The store appeals strongly to tourists, and many locals also make it their destination for gift ideas.

ArtPop Montréal began carrying iLikeMaps products in 2015 and has seen consistent sales year-round. They selected both the Art Deco and Chroma Montreal map series, which guarantee a fast turnover.

18 JAMES STREET

PARRY SOUND, ONTARIO

Located in the heart of Georgian Bay, Parry Sound is a popular sailing, outdoor and cottage destination. In this beautiful natural setting, Jessica and her husband Dan own a seasonal shop where they sell Jessica's fashion designs and paintings. They complement Jessica's creations with select work by other artists.

The studio commissioned 12 different maps of the popular lakes, parks and cottage towns in the area. Cottagers come in, see the lake where their cottage is located, and purchase the print on the spot! Also, custom locations have been added as the shop receives requests from its clients.
